

6. If you aren't doing well in the course and would like dropping to be an option, you need to make that decision and act on it no later than \_\_\_\_\_, since after this date you will not be allowed to drop unless you are **passing** the course and have extenuating circumstances.
7. Name at least three college resources where you can get free help, if you don't wait until the last minute.

Use the following information to answer questions 8, 9, and 10.

Suppose Jane Doe has the following scores on her unit test: 85, 90, 75, 60, 80, 70 and the following scores on her homework: 20, 8, 15, 18, 19, 20, 0, 16, 17, 20, 18, 19. (Assume that grades are rounded off to the nearest whole number; i.e., 79.5% will count as 80% and 79.4% will count as 79%.)

8. What is the minimum score that she needs on the final (out of 300) to get a 3.0 in the class?
9. What is the minimum score that she needs on the final to get a 4.0 in the class? (Please note the reweighting option on the final.)
10. What is the minimum score that she needs on the final to get a 2.0 in the class?
